Focussed Intensive Learning Module: Aneuploidy and PE Screening

In -depth

Focused

Interactive

Practice-based

Expert faculty

Registration

Organised by

The Fetal Clinic

under the aegis of the

Covai Obstetric and Gynaecology Society

Dear Members of the COGS

- Screening in pregnancy provides an opportunity for course correction.
- Aneuploidy Screening involves understanding the basics clearly and recognize the complexity involved in clinical scenarios to optimize the outcome for the family
- The program is designed to be intensive, interactive and focused. Complex concepts have been broken into smaller topics to get maximum learning impact. Practical scenarios as well as core concepts will be discussed in depth.
- The faculty are Obstetrician-Gynecologists who have been trained in and practice fetal medicine and therapy.
- The program is essential for all those involved in the care of pregnant mothers- IVF specialists, High-Risk Pregnancy Specialists, Obstetricians, Sonologists, and Fetal Physicians.
- This program is organised by **The Fetal Clinic** under the aegis of **Covai Obstetrics and Gynaecology Society**.

I look forward to meeting you at this exciting academic event!

Dr K Manikandan

On behalf of Team FILM

Registration

Registrations before 06 July 2024
will receive "Algorithms in
Aneuploidy Screening" booklet

SCIENTIFIC PROGRAM: 1:50 - 5:30 PM

12 30 PM

Registration and Lunch

Session I: Foundation and Building Blocks

Chairs:
Dr. Chandrakala Maran
Dr. Sathiya Senthil

1. 50 PM

Trisomies and Statistics for the busy practitioner

Dr. Manikandan .K

2. 10 PM

Soft Markers and the Genetic sonogram: Current Role

Dr. Amuthavalli.S

02 30 PM

Nuchal Translucency: Right or Wrong

Dr. Deepika.S

Session II: Changing Landscape

Chairs:
Dr. Kannaki CV

02 50 PM

Second Trimester Screening: True indications and Implications

Dr. Kalpana Sivanesan

03 10 PM

First Trimester Screening: Rules of the Game

Dr. R.Rajnavitha

03 30 PM

Intermediate Risk: Action or Inaction

Dr. Saira Rajan

03 50 PM

Coffee Break

Session III: In Practice

Chairs:
Dr. J.Nithya
Dr. G.Padmashri

04 10 PM

NIPT: Merits & Limits

Dr. Pavithra.M

04 30 PM

Dr. Ponmozhi .G

04 50 PM

Management of Abnormal Screenig Result:
Panel Discussion

Dr. Manikandan.K

Panelists: Dr. Amuthavalli.S, Dr.M.Pradeep Kumar, Dr. Saradha Jaganathan,
Dr. R.Manonmani

05 30 PM

Vote of Thanks

About the FILM series...

- The FILM series aims to bridge the gap between postgraduate training in Obstetrics and real – life practice
- Each module is structured to impart practice-oriented skill and knowledge to the Obstetrician, enhancing their practice and patient outcome
- The contents are discussed and deliberated by the expert faculty, so that it is clutter – free and does not cause cognitive overwhelming to the participants
- A systematic quality assurance program ensures the best output from the expert faculty
- The teaching – learning strategy is designed according to the principles of andragogy rather than pedagogy.
